

Project Contribution Sheet for the Group Data R'sızları

Our group consists of five people and from the beginning to exploratory data analysis phase, we worked together on finding the data, cleaning and manipulating the data and visualization processes. On exploratory analysis, final project and the presentation, we have put individual efforts for different sections. To break it down:

- Mustafa prepared the presentation
- Serhan worked on the shiny document
- Ahmet, Ufuk and İstem put effort on report structure, styling and referencing
